

Chess Club

Could you be the next Beth Harmon?

Latchmere Primary School (LMPS)

Tuesday lunchtime.

The Latchmere Primary School Chess Club welcomes girls!

The English Chess Federation (ECF) has launched a massive campaign to get more girls learning and playing chess – it's fun, it's cool and girls are very good at it!

Girls also benefit from **free** Gold Membership of the ECF via the <https://www.englishchess.org.uk/ecf-launches-the-new-queens-gambit-scheme/> which allows them access to junior tournaments.

There is also an initiative called <https://www.sheplaystowin.co.uk/> aimed at bringing girls just like **you** into the game.

***“Every girl should play and learn chess
The educational benefits are huge ”***

- **International Master Lorin D’Costa , England International Women’s Coach and SPTW Founder**

Come along every Tuesday lunchtime and see what it is all about. Open to **all** years from complete beginner upwards.

For more information see **main chess club poster** or email me directly at mark.hogarth@btinternet.com.

What are you waiting for?
