Autumn Term 2026. Latchmere Primary School (LAT)

Dear Parents,

After an **amazing** year of achievement for Latchmere pupils, chess returns for **Y1-Y2 , Y3-Y4 and Y5-Y6 pupils but for Lunchtime only**. Sadly After School chess is **no longer provided** so **lunchtime places will be in high demand and will go quickly**. Please **book early**. With **limited places** available, these sessions are open to pupils of **any standard** including complete beginners on a **first-come-first-served basis**.

Chess is a fun game. It **improves** concentration, memory, cognitive thinking and calculating ability. It also **develops** analytical skills, training the mind to **plan ahead**.

We play and learn about strategy and tactics together

Although fun, it is not just about winning. They will learn from their losses and become more **resilient** and how to stay **calm under pressure**. You will see them grow in confidence as they progress. **Last year, several players were selected for Surrey!**

This Autumn Term all children will be prepared for the popular UK Chess Challenge (70,000 kids nationwide take part!) which starts in the Spring Term. This year Latchmere achieved 10 Giga Finalists. We became the first ever again State Primary to become GNSCC Girls Finalists. Five Latchmere pupils represented Surrey and one, our first ever England player!

Our names are Mark & Hilary Hogarth. We are very experienced Chess teachers. Mark is also a Junior Chess County selector/coach, England Senior International and qualified Chess Arbiter. Complete beginners are **taught from scratch** until ready for assimilation into main group which covers Openings/middlegame strategy/basic endgames & mating patterns.

County U11 Chess Selector • England Senior International • chess tournament director • managed nationally/internationally

Whilst working at **Goldman Sachs** I also successfully pioneered Chess Partners as part of the Tower Hamlets Education Business Partnership a Charity, teaching Primary School kids in London's East End.
